

# Acceptable Waste Acme Landfill

The following is a list of general waste categories with examples of wastes that are accepted for disposal at Acme Landfill. Hazardous waste and wastes other than those listed below will not be accepted. Carpet, Concrete and Asphalt are not accepted at this time. All loads are subject to inspection at the scale house and disposal area; Acme Fill Corporation reserves the right to reject any load. Please call (925) 228-7099 if you have any questions about the waste types that can be disposed at Acme Landfill.
